(See also the [Geometry & Physics @ DFT](#) seminar homepage)

Date: Wednesday, June 5th, 2024, 15:15 Bucharest time

Location: online via Zoom ([Join Zoom Meeting](#))

Speaker: **Prof. Eugen Cioroianu** (University of Craiova)

Title: **Jacobi-like structures: A line bundle perspective**

Abstract: Jacobi and Jacobi-like structures are reviewed from a line bundle perspective. Their main properties, like functoriality, integrability and Poissonization are addressed.
